

Splendour of nature

Fancy a holiday on the Great Barrier Reef? Forget about the big and busy city of Brisbane and enjoy this wonder of nature nestled in the splendour of Hayman, Australia's most celebrated luxury

island retreat. Offering a front-row seat to the Great Barrier Reef and a world of leisure and adventure, Hayman recently reopened after extensive restoration work on the island as it was severely damaged

by tropical cyclones early this year. Respected landscape designer and horticulturalist Jaimie Durie has recreated Hayman's breathtaking and tranquil garden setting, which has always formed part of the island's unstaged nature. This 162ha masterpiece reveals a stunning botanical garden in which 33,000 new plants and 327 new plant species have been introduced, providing tranquillity, colour and an incredible variety of perfumes as the native birds, butterflies and wildlife regain their wonderful island home.

In keeping with Hayman's culinary traditions, check out Azure, famous for its bountiful breakfast offerings and evening grills overlooking the beach, and the new Nic Graham-designed Fontaine restaurant, which is set to become Australia's signature resort restaurant presenting contemporary Australian cuisine

and the best of Australian wines from the Hayman Cellar. Award-winning chefs have also created innovative menus featuring the finest produce and some surprise dishes for the much-loved Oriental and La Trattoria restaurants.

Meanwhile, Hayman Gourmet provides the ultimate Australian picnic experience anywhere on the island or in the surrounding reefs, and will have their special orders delivered to you by helicopter. You can even enjoy a six-course degustation menu paired with fine wines in an intimate rainforest location under the stars for a truly memorable dining experience.

In conjunction with its reopening, book the Hayman Escape package and receive an A\$400 (RM1,245) resort voucher to enjoy during your stay. The A\$885 per person package deal includes twin share accommodation for three nights and a daily beachfront breakfast

in Azure. The package is valid for sale throughout September and the travel period is from Oct 1 to June 30 next year. For reservations, call (+617) 4940 1838 or email reservations@hayman.com.au.
