

# Manfield secures award for outstanding achievement

MANFIELD Coatings Co Ltd, a subsidiary of Mulpha International Bhd, has been given an award for outstanding achievement in standards of quality and commitment to the process of quality management.

Manfield, a subsidiary of Mulpha's Hong Kong-listed Greenfield Chemical Holdings Ltd, was awarded the Gold Award in the 2005 Hong Kong Management Association (HKMA) Quality Award.

The company, which provides customised industrial coatings tailor-made for var-

ious industrial products, managed to achieve outstanding performance in leadership, strategic planning, customer and market focus, information and analysis, human resource focus, process management and business results.

"This award is exceptionally meaningful to us as it recognises the challenges we have overcome in our manufacturing industry such as prompt delivery, customised orders, varieties of products, catering for customers from various industries, (and)

managing employees from diversified backgrounds," managing director Yuen Shu Wah said in a statement.

The annual HKMA award aims at rewarding commitment in an age of change and bringing public recognition to organisations that have achieved outstanding standards of quality and made lasting commitment to the process of quality management.

Mulpha International is a diversified group listed on the main board of Bursa Malaysia Bhd.
