Mulpha project wins FIABCI award

MULPHA International Bhd's flagship project, Leisure Farm Resort, has won the Malaysia Property Awards 2005, *Master Plan Category*, organised by the FIABCI Malaysian Chapter.

The award was presented at a gala dinner in Kuala Lumpur last night.

The company said in a statement the multi-billion ringgit Leisure Farm development in Gelang Patah,

Johor, epitomised international resort-styled living.

The project comes with facilities that include an equestrian and country club and a 36-hole championship gold course with 280 acres of natur-

al mangrove, canals, orchards and plantations.

Executive chairman Lee Seng Huang said that going forward, Mulpha would participate more actively in the local property sector.

"We are leaders in property in the international arena and we would like to bring back what we have learnt and developed abroad," Lee said.
